Welcome Edition

Fall 2023

SERVICES WE PROVIDE

- Dedicated study space (MESA Lab)
- Access to technology such as computers
- Tutoring
- University and industry field trips
- Academic Workshops
- Assistance with locating scholarship and internship opportunities

WHO ARE WE?

Established over 40 years ago, the California Community College Mathematics, Engineering, Science Achievement (MESA) Programs help underserved and underrepresented students majoring in calculus-based STEM (Science, Technology, Engineering and Mathematics) fields who seek to transfer to a four-year institution.

MESA is brand new to the campus and our grant allows us to serve 60 students. Currently we are at 42 students and hope to have 60 students on board by the start of Spring 24 semester.

RESOURCE HOT SPOT! UC BLUE AND GOLD OPPORTUNITY PLAN

UC's Blue and Gold Opportunity Plan will ensure that you will not have to pay UC's systemwide tuition and fees out of your own pocket if you are a California resident whose total family income is less than \$80,000 a year and you qualify for financial aid.
